TOP SKILLS

●●● HTML, CSS, Sass, Bootstrap

●●● JavaScript, TypeScript

●●● React, NextJs, GatsbyJS

●●● React testing library

●●● Jss

●●● NodeJS

●●● Git, GitHub, GitLab

PROFILE

Courteous and enthusiastic, I am interested in IT and everything in its orbit. It's been a few years began to be fascinated by web programming, e.g. developing apps and building websites. Invited to join my friend's start-up company as a front-end developer, I gained experience working in this area. As this area complements my studies, I am keen to gain more experience in the field. For this reason, I am looking for a company willing to offer me a placement among their developers. In return, I would offer my total commitment, and be a pleasant and friendly addition to your team. I am therefore currently looking for a part-time job or a student work as a front-end developer.

WORK SUMMARY

Python developer

THD | Tehran-Iran | May 2022 - Jun 2022

Python3, NumPy, pytest, PyCharm as IDE

- As algorithm developer in the software development unit of a Civil engineering project (truss structure) by Finite Element Method
- Developed an algorithm for calculating the forces created in the structural elements under the loads applied to the nodes

github.com/sepehrfazeli/FEM_Stabsystem

Front-end developer

Gport.ir | Tehran-Iran | Nov 2021 - Feb 2022

TypeScript · MobX · Testing Library · Storybook · EmotionJS · Ant Design · Jira · Material-UI · REST APIs · HTML · React.js · Redux.js · Jest

- Developed and implement new software programs with modern web technologies TypeScript, ReactJS, Mobx, and Mobx State Tree.
- Programmed the frontend using React along with Redux state management and performed partial API integration of 10+ endpoints
- Covered the code over 90% with unit testing and end-to-end testing using Testing Library and Jest.
- Maintained and recommend improving code quality.
- Documented components using Storybook.

SOFT SKILLS

NodeJS, GraphQL, REST, RPC, AXIOS, CheerioJS, jQuery

- Developed automation script in JS to collect transaction details and Data
- Developed algorithm to rate the worth of the NFTs and sorted list of best while cheapest NFT es in the market of Axies

github.com/sepehrfazeli/axie

Web Developer

Integrated Ideas | Tehran-Iran | Feb 2021 - July 2021

- Developed a website for travelers to check their destination weather and top attractions with HTML5, CSS3, JS, RESTful API

github.com/sepehrfazeli/Wanderlust

<https://sepehrfazeli.github.io/Wanderlust>

- Developed a website for music lovers and DJs to create a playlist as fast as possible on their Spotify with react, REST API, Authentication Check with Spotify account login

github.com/sepehrfazeli/jamming

<https://sepehr.netlify.app/>

- Developed an eCommerce store with nextJS and stripe checkout

github.com/sepehrfazeli/VR_store

<https://sepehr1.netlify.app/>

Advance programming private tutor

Self-Employed | Tehran-Iran | Oct 2019 - Jan 2020

JAVA, javafx, IntelliJ as IDEA

- Held weekly lab classes to help students Implement skills learned In the classroom

Senior Design Project

Semnan University | Semnan-Iran | Feb 2019 - Sep 2019

Delphi (Objective Pascal), Opengl, windows app development

- Developed a Windows APP to create a holographic image of a 3D-designed object
- Created a 3D lab in order to process the input 3D object using OpenGL and handled image matrixes and created algorithms to reform the 3D lab results in order to make the output

github.com/sepehrfazeli/Hologram_creator

[Quick look](#)

Fundamental of programming private tutor

Self-Employed | Tehran-Iran | Oct 2018 - Jan 2020

Algorithms, C, OOP, Inheritance, Pointers

- Implemented Instructional activities for a meaningful learning experience
- Demonstrated strong content knowledge and continuing Interest in the subject

Undergraduate Course Assistant

Semnan University | Semnan-Iran | Jan 2019 - March 2019

Algorithms, C++, OOP

- Provided educational materials, including a summary of what they have learned during the week and Holding a troubleshooting class.
- Grading homework assignments for 40+ students and providing constructive feedback to aid students in employing better strategies

ACADEMIC EDUCATION

ME in ELEKTRO- UND INFORMATIONSTECHNIK

Technische Hochschule Deggendorf (THD) | Deggendorf-Germany | 2022-Present

- - Accepted in an entering exam in the process of application.
- - Advance programming (Python, UML, Design Pattern, Clean Code, ...) github.com/sepehrfazeli/Python-uniTraining

BE in Electrical Eng

Semnan University | 2014 -2019

- - Graduated with a GPA of 3.7/4.0
- - Senior Design Project: Preparation and implementation of 3D holographic file display software

CERTIFICATE

Front-End Engineering Career path

Codecademy.com | Jan 2021

- Introduced to React
- Manage React application's states with Redux
- Advanced Web Development
- Linear Data Structures
- Complex Data Structures
- Search and Graph Search Algorithm

Node.js

Codecademy.com | Jan 2021

- Node.js built-in modules essential for back-end programming
- Set up an HTTP server with Node.js.

INTERESTS & HOBBIES

- Reading about Cryptocurrency and Crypto trading
- Mountain biking with friends
- watching productivity videos and implementing tips on youtube
- Cooking (Fast food & Iranian Food)
